from 20W to 500W.

each set per small
carton

Material: ABS

Excellent Chemical &
Oil resistance

50% weight reduction

UV Resistance

White color 7 pcs/set solar panel corner
mounting brackets

Specification 技术参数

应用范围 Application	
Material:ABS, UV resistance	Length:550mm/680mm
Color:White/Black	50% weight reduction
<p>The solar panel corner brackets can be used with any sized aluminum framed solar panel to provide a secure fixing for vehicles, caravans, boats, outbuildings, etc.</p>	
<p>The solar corner brackets will support the solar panel at the optimal height above the surface to allow aeration from below, ensuring that the solar panel operates as efficiently as possible.</p>	
<p>Brackets can be securely attached to the surface eliminating the need to drill holes. The brackets also function as a wind deflector and maintain the correct air gap between the solar panel and the roof top /cover.</p>
